PRIMARY DUTIES + RESPONSIBILITIES

The Lead Carpenter directs the daily execution of the project, within the schedule set by the Director of Operations and according to the job books and plans while providing the highest possible craftsmanship for the client.

Problem solving, critical thinking, and the ability to work independently while leading team members is crucial to success in this role.

The Lead Carpenter also maintains, develops and promotes good relationships with our clients, co-workers, subcontractors and vendors.

This role requires adherence to the Company's Mission, Vision and Core Values and an ongoing development of skills and knowledge of construction practices and techniques.

This job description outlines the essential tasks for this role. Responsibilities include other duties as assigned.
